My passport has been revoked by powers I haven't begun to fathom and you want me to come in to explain the situation to you?

Why don't you tell me what is the real deal and I will come in as you request! Before I do though I want to know who made the false telephone call to my family and why?

Warrant for my arrest somewhere I don't know about?

Warm Regards,

Bill Perry

You said no one was looking for me when I was there?

Is this all because of that guy that gave me the ride that day? I gave that guy \$60 for gas. I saw him about four months ago and he tried extorting me for more money and said he would 'report I was in distress' and needed help and told me to remember he is the police and was pushing me for more \$\$

Mr. Love,

This is Bill Perry understand you contacted my brother again which I'm not sure why you keep doing that since you have my email address. I was told that you told him about a warrant in Indiana and you're wanting me to turn myself and for that are you serious? I went to Mexico not too long ago and every country in Latin America knows about that warrant and has known about that warrant since July so my point is is what reason would you want me to turn myself in now for what is the major urgency? This Indiana garbage? I am trying to work that out as we speak.

BTW....Don't call my family again. You know how to reach me.
